

JTD500DN/BN/EN/FN/SN

GE® 30" Smart Built-In Self-Clean Convection

Double Wall Oven with Never Scrub Racks

DIMENSIONS AND INSTALLATION INFORMATION

NOTE: Wall coverings, countertops and cabinets surrounding the wall oven must be able to withstand a temperature of up to 200°F (94°C).

NOTE: If the cabinet in which the wall oven is installed does not have a solid bottom, two braces or runners must be installed to support the weight of the oven. The runners and braces must support up to 400 lbs (181 kg).

NOTE: Door handle protrudes 3" from door face. Cabinets and drawers on adjacent 45° and 90° walls should be placed to avoid interference with the handle.

ATTENTION INSTALLER: Electric wall ovens are NOT approved for installation with a plug and receptacle. They must be hard wired into an approved junction box.

IMPORTANT: Before installing, consult installation instructions packed with product for current dimensional data.

GE® 30" Smart Built-In Self-Clean Convection Double Wall Oven with Never Scrub Racks

DIMENSIONS AND INSTALLATION INFORMATION

NOTE: 30" Double electric wall ovens are approved for installation above 27" and 30" warming drawers.

ATTENTION INSTALLER: Electric wall ovens are NOT approved for installation with a plug and receptacle. They must be hard wired into an approved junction box.

IMPORTANT: Before installing, consult installation instructions packed with ALL products for current dimensional and combination data.

WHEN TO USE THE PEDESTAL RAILS: When replacing an older GE Appliances 30" double wall oven with a new GE Appliances model. Cutout Height = 51-13/16" to 51-15/16". This is our traditional cutout height.

WHEN NOT TO USE THE PEDESTAL RAILS:

When replacing a 30" double wall oven from another manufacturer (ie; Whirlpool) with a new GE Appliances model. Cutout height = 50-1/4". You will need to verify that the existing cutout matches the 50-1/4" dimension.

If the new GE Appliances 30" double wall oven is being installed into new construction (ie; not a replacement), then the recommended installation is to use the pedestal rails.
